

People often asked me how I can do a clear Telephone Reading if I can't see them. Well I did ask that question myself many times until I had finished my first Telephone Reading about 8 years ago. The first reading was just as powerful and accurate as having the person sitting with me. You see it's because I hand myself over with intention when I set the space for each person's reading. The powerful source energy works through me and I allow myself to be a vessel for the information to come through. So you don't have to be in the same room!

I always start a reading with my personal prayer asking for proof and confirmation for the person who is about to receive their messages. I ask that all information be for the higher good of all!

Just today I received this message after doing a telephone reading in another part of Australia!

Dear Susan

Just a short note to say THANK YOU for a great reading today!

Greetings and best wishes
